

## Providing More Choice to Consumers

The Ontario government is introducing significant reforms to the auto insurances system, in order to provide you, the consumer, more choices over the coverages and price you pay for insurance. These additional accident benefit choices will allow you to customize your policy to suit your needs.

#### Standard Auto Insurance Policy

In Ontario, the Insurance Act determines the standard coverage that consumers must purchase. As a result of the reforms, some of the features under the Standard Auto Insurance Policy have changed. Beginning September 1, 2010, if you are either buying a new auto insurance policy or renewing an existing one, you will have more options to purchase a level of coverage that is right for you.

All auto insurance policies will continue to include the following:

- Liability
- Direct Compensation- Property Damage (DCPD)
- Uninsured Automobile
- Statutory Accident Benefits

In addition, if you previously purchased Collision and/or Comprehensive coverage, it will still be included in your policy.

<sup>1</sup> Statutory Accident Benefits are benefits you receive if you are injured in an auto accident, regardless of who was at fault. Most of the new reforms affect these benefits

## What else is new?

The government's reforms lay the foundation for an auto insurance system with greater price stability, and more protection for you, the consumer. Other key changes include:

- Many injuries received in an auto accident are minor. If you have a minor injury due to an auto accident, your medical and rehabilitation accident benefits are limited to \$3,500 regardless of the coverage level that you have selected.
- Accidents where you are 25% or less at-fault will no longer affect your premium.
- The deductible that is applied to court awards for fatal accidents has been eliminated.
- A new requirement that insurance companies send out benefit statements to their claimants, advising how much has been paid to date, and the additional amounts remaining for medical, rehabilitation and attendant care benefits.
- If your auto has been damaged or written off after an accident and you don't agree with the value you have been offered or your degree of fault for the accident, you can choose the appraisal outlined in the Ontario Auto Policy to settle the dispute, and the insurer must agree to participate.
- Coverage is extended to rented autos with a Gross Vehicle Weight Rating (GVWR) of more than 4,500 kilograms, if it is for personal use and rented up to 7 days.
- Prohibiting use of credit scores in giving quotations for your auto insurance rates.

## What do the coverages mean?

**Liability** - Claims made by a driver against another driver who causes an accident.

**Uninsured Auto coverage** - Protects you and your family if you are injured or killed by a hit-and-run driver or by an uninsured motorist. It also covers damage to your vehicle caused by an identified uninsured driver.

**Direct Compensation - Property Damage (DCPD)** - Covers damage to your vehicle or its contents if another person was at fault for the accident. It is called direct compensation because even though someone else causes the damage, you collect directly from your own insurer. The accident must also occur in Ontario and both drivers must be insured by an insurance company licensed in the province.

**Collision or Upset coverage** - Pays for losses caused when your vehicle is involved in collision with another object, including another vehicle, or rolls over.

**Comprehensive coverage** - Pays for losses for certain perils, such as falling or flying objects, and vandalism.

**Medical and Rehabilitation Benefit** - Covers the cost of reasonable and necessary medical and rehabilitation expenses (e.g. physiotherapy, prescriptions) that are not covered by OHIP or your disability insurance plan.

**Attendant Care Benefit** - Pays for an aide or attendant to look after you if you have been seriously injured in an accident.

**Catastrophic injury** - If you suffer an injury in an accident, you can apply for determination of whether your injury qualifies as "catastrophic" (e.g. loss of a limb, paraplegia). If the injury qualifies as "catastrophic", you are eligible for an increased level of benefits.

**Caregiver Benefit** - If you are providing full-time care to dependents and can no longer provide that care as the result of an auto accident, you may be eligible for caregiver benefits to reimburse you for your expenses to hire someone to care for your dependents.

**Housekeeping and Home Maintenance expenses** - If you are unable to perform your usual duties due to your injuries, this benefit pays for reasonable and necessary additional expenses for someone to complete your usual duties.

**Income Replacement Benefit** - If you cannot work as the result of an auto accident, you may be eligible for basic weekly income replacement benefits of up to \$400. This benefit commences after one week.

**Dependent Care Benefit** - Pays for additional expenses incurred to care for your dependents if you are employed and are injured in an auto accident.

**Death and Funeral Benefit** - If you die as a result of an auto accident, the death benefit provides a lump sum payout to your spouse and your dependent; the funeral benefit provides a lump sum payout to cover the cost of your funeral expenses.

**Indexation Benefit** - The automatic adjustment of income replacement benefit, non-earner benefit, attendant care benefit or medical and rehabilitation benefit according to the Consumer Price Index for Canada to compensate for inflation.

**Tort Deductible** - The amount that is deductible from a settlement or court award for pain and suffering.

**OPCF 44R** - Covers you for the difference between the at-fault driver's Liability limit and your own Liability limit if someone with less liability coverages that you injures you in an accident.
